## Fixed Exterior Signs for Long Term Application

Whether it's on a building or sign structure, frontlit or backlit, we are not limited. Our print quality and durability has been tested in many extreme locations, (see also our Interpretation Signage).

We provide a guaranteed outdoor warranty on our exterior signage. This is not limited by the use of particular supplier materials, but based on our own choice and experience of our materials and their use. We stand by the product.

We have experienced installers and also sub-contract experienced installers for larger installations.

If you live or visit Wellington you've seen our signs, whether it's finding a street name on the Wellington Street Maps dotted around the Capital, or driving past Te Papa's main entrance.
